

WORKSTATION DESIGN

Task Description:

Various tasks, particularly in a rotary parlour where there is a fixed workstation

Comments of the employee:

- ❑ *'Use of the mat seems to reduce the feelings of fatigue in my legs and feet. The anti-slip properties are also helpful.'*

MSD risks:

- ❑ Posture – standing for sustained periods

Exposed areas:

- ❑ Legs / Feet
- ❑ Back

Solutions:

- ❑ Provide a more comfortable surface than the concrete floor on which the milker has to stand

Comments

- ❑ The mat should be durable and easy to clean.
- ❑ There should not be a trip hazard when the milker steps on or off the mat.
