

Robot sprays automatically disinfectant

Task Description: **Dipping teats**

After milking almost all farmers dip the teats with disinfectant in a foaming dip cup.

Comments of the employee:

- 'Continuously repetition of the same gestures'
- 'Work height not in accordance with work posture'

MSD risks:

- Posture: dependent of the position of the udder
- Frequency: 400 times for 100 cows

Exposed areas:

- Neck/shoulder
- Arm/wrist
- Lower back

Solutions:

- A robot (automatic milking system) will automatically spray the disinfectant.
